

# Bean Group

The fastest growing brokerage in New Hampshire

## Bringing today's sellers and buyers together.

These days roughly 9 out of 10 buyers start their home search on the Internet. The Bean Group network of websites routinely sees over 10,000 visits a day – that's over 3.6 million potential buyers and sellers on our websites every year. This high volume is part of what has made Bean Group the fastest growing real estate brokerage in New Hampshire. We bring more potential buyers to the table than most, if not all, of our competitors.

## The biggest Internet exposure.

Sellers want the best Internet exposure for their property. Add up all the Bean Group websites and the number is well over 200 – over 130 agent websites, over 90 town specific websites, corporate blogs, agent blogs, and more. As a result, Bean Group has over 35,000 subscribers actively looking for property in New Hampshire. Plus we partner with dozens of listing websites like Zillow, Trulia, and more...

## A leader in New Hampshire real estate.

Despite what many would say was a difficult year for real estate, in 2008 the Bean Group was Top Five in Sales Overall and the #1 Independent out of more than 900 NH firms. In 2009 Bean Group was chosen by *RealTrends* as one of the Top 500 real estate firms in the nation and grew to six offices serving NH, ME and VT, with more planned openings in the future. Work with a Bean Group REALTOR and you're in good company.

## Knowledgeable, professional REALTORS®.

At Bean Group we believe consumers are looking for much more than a sales person. This is why our REALTORS are knowledgeable professionals who can guide and manage the sale of any property. As an extra step for sellers, when potential buyers inquire about a property we direct all inquiries to the listing agent who can best sell the property – thereby increasing the likelihood of a sale. Go ahead, connect with a Bean Group REALTOR today.
